## Welcome to the Keringa Angus Inaugural Sale.

Keringa Angus - in its 11th year of seed stock production, is owned and run by the Walker families fourth generation mixed farming operation. Approximately 62 bulls will be offered at the Keringa Angus inaugural auction on the 9th February 2019, following private sales of approximately 100 bulls annually for the past 4 years.

We pride our breeding program on producing easy doing cattle displaying excellent growth, length and muscling. The herd is commercially focused, run under high stocking rates, with particular emphasis being on our fertile female herd.

Please feel free to contact us to discuss our sale offering - we look forward to welcoming you to our inaugural Keringa Angus Sale, "Tulara Downs, Culburra.
