## Testimonials:

*"We have had the opportunity to purchase FRANCO Hereford bulls over the years and found them to be very fertile, sound temperament and great structure. The bulls are bred, 'fit for purpose' for our commercial needs. FRANCO Herefords have always been 'in front of the curve' when it comes to objective measurements. They have had ongoing success in breeding commercially relevant cattle. Their support of their clients is exceptional. They have great cattle and are great people to do business with! We have also had the opportunity to process some of the FRANCO Hereford steers over the years for our branded beef program and found them to easily fit into all our market specifications for both the domestic and export markets. We wish all the team at FRANCO Herefords every success into the future."*

**Lennard & Leisa Blok - Spring Grove, NSW**  
**Blok Agribusiness & Lee Pratt Beef**

---

*"For a number of years, I have been buying FRANCO bulls and commercial heifers. The fertility in FRANCO cattle is second to none. I sent commercial Hereford PTIC heifers purchased from Frank to the South West. Within six months the increased scale of these heifers shocked me. The frame, length and weight gain were extraordinary. FRANCO genetics have lifted my commercial beef enterprise production greatly. I highly recommend FRANCO genetics."*

**Jasen Somerville**

---

*"We have been using FRANCO bulls for around ten years and are extremely satisfied with them. They did an excellent job lifting the herd, whether it was for selling weaners, grass or grain fed steers. As The Land reported (27/10/2022) steers Sired by FRANCO bulls made up to \$2,320.00. We will be sorry we can no longer purchase FRANCO bulls anymore."*

**Michael Tanner - Tamworth**

---

*"The Franco team have aspired to source elite genetics from afar to strengthen the studs potential and as such has generated great genetic improvement in the Northern Rivers Hereford herd as a whole. Franco Herefords have enabled us at 'Cabra Glebe' to build a modern commercial Hereford herd featuring above industry average specifications. Our herd has shared in the success that Franco Herefords has built and creates a legacy in our family and herd for years to come."*

**Joe Leven - Hereford Breeder Doubtful Creek, Casino.**

---

*"Our family have been purchasing first-class bulls from FRANCO Hereford stud for many years, since 1997. These bulls have been an integral part in producing quality weaner steers annually and improving the genetic profile of our breeding herd."*

**Ian and Sandra Reid**

---

*"I have been buying Frank's bulls exclusively since his first sale in 1997, (26 years). I sell butcher calves regularly and have often been requested to supply butchers. FRANCO bulls have bred progeny which have achieved excellent weight gain and fit the markets for which I aim. My herd is purely FRANCO blood. Being Franks brother and living next door I regularly get to inspect his stud and commercial stock. He can be proud of the product he produces."*

**Edwin Hannigan.**

---

## FRANCO HEREFORD STUD

I started the FRANCO Hereford Stud with my deceased wife, Lorena in the 1990's, although we purchased our first stud cow in the late 1980's.

We conducted our first on property sale in 1997 and had an annual sale every year thereafter.

Females were sourced from dispersal sales such as Widgiewa, St Gabriels, Gorian, Moorlands and Injemira. In hindsight we should have purchased more from Widgiewa, St Gabriels and Moorlands. At the Moorlands sale in 2002 we purchased cows for \$12,000.00, \$7,000.00 and \$6,500.00 plus others. At Injemira in 2000 we paid \$18,000.00 for Pearl R006, \$9,000.00 for Venus R067 and \$7,000.00 for Cherry Ripe, together with many other purchases.

Later we purchased Parson Hill Hereford Stud from Richard and Suzie Duddy and added them to our existing stud herd.

We have sourced sire genetics to blend with our cow herd, and have been willing to pay high prices for bulls like Red Hill Driven, Sugarloaf Haymaker and Battalion Black Hawk. We have often found the better bulls, notwithstanding price, often pay for themselves many times over.

It has been stated I have culled too hard over recent years and I tend to agree with that statement. However, it may well be a benefit to those who purchase at the dispersal sale.

It certainly is with a heavy heart that I disperse. Having been passionate about the stud for many years the time has come for me to confine my interests so my children shall not be faced with too many complications when I turn my toes up.

Having properties on the coast and on the Horton, west of Bingara, has shown us that the cattle we send from the coast to the west explode in frame, length and weight. Our coastal country is marginal and is really "growing" country distinct from fattening country. It is amazing the difference in the cattle when we send them west, and inspect them a few months later. Accordingly, any purchaser owning country in the west, south west or north west can be confident that the cattle purchased shall be far superior in 6 to 9 months after purchase.

We thank every one who travelled and who took time to inspect our herd on offer, especially to the purchasers and underbidders. We thank Mr Paul Dooley, the Elders team, George & Fuhrmann and Ramsey & Bulmer for their contribution. We also thank Jane Dockrill, Matt and Shannon Sowden, Phil Sharman, Lonnie Stone, Sharee Denson and Megan Johnston.

We also thank all those "volunteers" and family over the 26 years for all your hard work. It was one of our greatest pleasures to see family and friends helping at our sale.

Thank you to past staff and especially to present staff for the hard work and commitment to this dispersal sale.

To Brett, Stacey, "Keepy", "Benno", Danny, Jason, Glenn and Haddon a big thank you.

Yours Faithfully

Frank Hannigan

For the FRANCO Team.

## FRANCO “R” HEIFERS

These 2020 born heifers are an excellent line of cattle. I have been told I culled too hard for this year. I now agree with that statement. These heifers are ready to join.

The calves at foot are by our home grown sire FRANCO Rockstar R100. The calves present well and the heifers are milking extremely well.

These heifers are by Black Hawk and his sons, Explosive, Franco No Alibi, and another son of Knockout being Parson Hill Nation Pride and a heifer bull called Montana. All these sires have produced extremely well. We recommend each and every 2020 heifer to you.

Lot 46 – Franco Camilla R536 (H) + LMHU123

Lot 49 – Franco Pearl R578 (H)

Lot 68 – Parson Hill Camilla R859 (H) + PHDU125

Lot 148 – Franco Happy Day R142 (H) + LMHU109

Lot 153 – Franco Daffodil  
R132 (H) + LMHU103

Lot 154 – Franco Gem  
R854 (H) + LMHU120

Lot 156 – Franco Gem  
R198 (H) + LMHU135

Lot 159 – Franco Happy Day  
R549 (H) + LMHU140

## FRANCO “S” HEIFERS

These rising 2-year-old heifers (born 2021) are ready to join. These heifers have not been with any bull, and Dr Phil Sharman, veterinarian of Casino, has confirmed none are in calf.

By Black Hawk, sons of Black Hawk, National Hero, No Alibi, Premier, Mojo, Haymaker, Explosive and Matrix. These heifers present well and offer great potential with the correct joining.

We are proud to offer these 2021 born heifers as future stud matrons.

## FRANCO “T” HEIFERS

These young weaner Heifers born 2022 are by our home bred gun sire Franco No Alibi, Mawarra Hugo, Parson Hill National Hero, Tarcombe Quadrella, Franco Rockstar and Franco Premier.

These heifers offered are the cream of the crop and we are proud to say we have bred them.

Whilst on the coast we would give them an extra year to grow, on better country they shall soon be ready to be joined.

We recommend these future stud matrons.

Lot 2 – Franco Olive T239 (H)

Lot 231 – Franco Wonder T502 (H)

Lot 232 – Franco Cherry Ripe T901 (AI) (H)

Lot 236 – Franco Minerva T189 (H)

Lot 235 – Franco Minerva T204 (H)

Lot 239 – Franco Minerva T203 (H)

Lot 237 – Parson Hill Anabel T237 (H)

# FRANCO “S” BULLS

We believe this year's bulls (born 2021) to be as good as any we have produced in the past.

The sires of these bulls are an impressive lot, and for those attending the dispersal sale you have seen most of the dams, and thus you will be able to assess the success of the engineering of the joining's.

Sires such as:

- CC56M Sullivan 42R BXC42RCHR
- Parson Hill National Hero PHDN390
- Battalion Black Hawk BHEK7
- HRTXCEL HRTX930
- Mawarra Explosive HRPL417
- Franco Premier LMHP705
- EDR Mojo EDRM164
- Franco No Alibi LMHN820
- Franco Matrix LMHM260
- Franco Power Surge LMHP180

have really performed as can be witnessed by the young bulls presented.

If you desire any assistance with your inspection please see Frank, Brett or Stacey.

We wish you well with your purchases.

## LOT 301

## FRANCO “T” BULLS

You are seeing these 2022 born yearling bulls at their worst. It is an age when they cannot be presented at their best. Notwithstanding we recommend them to you relying on their sires and dams i.e., genetics, and having bred their siblings and dams.

These calves may need some assistance to reach their growth potential for the next 12 months

These calves are by Black Hawk, Quip, Parson Hill National Hero, Franco No Alibi and Franco Premier. All worthy stud sires.

Lot 351 – Franco Torpedo T105 (H)
