Sale INFORMATION 2024

Sale Average

Micron	SD	CV	Comfort
20.6	3.5	17.0	99.1

- Lots 1-10 shedded since 24 June 2024.
- Lots 11-100 Paddock Run.

Carcase Measurement

- Carcase measurements were collected on the 16th August, 2024.
- Paddock rams: Average 31.6 mm eye muscle (EMD), 4.6 mm fat (FAT) and body weight 93.3 kg as of 4th September 2024.

Shearing and Fleece Side Samples

- Machine shorn on 11/04/2024.
- Fleece samples taken 29/07/2023.
- Tested by Quality Wool.

Health Status

- ✓ OJD Vaccinated
- ✓ Brucellosis accredited free
- ✓ Vaccinated with Glanery 7 in 1, on 29/08/2024.
- ✓ Heads and Crutch treated with Clik Extra on 16/08/2024.

Disclaimer

Gundarimbah accepts no responsibility for the accuracy, nor the repeatability, of the fleece production information supplied in this catalogue.

2% rebate to outside agents either introducing client in writing prior to the sale or accompanying client to the sale.

The Vendor confirms that information provided includes the information recommended by the Australian Association of Stud Merino Breeders to be supplied to buyers.

Sale Catalogue Keys

Micron	Fibre Diameter
SD	Fibre Diameter Standard Deviation
CV	Fibre Diameter Co-efficient of Variation
COMF	Comfort Factor
BWT	Body Weight
EMD	Eye Muscle Depth (mm)
FAT	Fat (mm)

POLL MERINO SIRE SUMMARY

GUN 19-558

This ram was sired by an East Mundalla semen sire, naturally mated as the back up sire in our poll AI ewes. His sons are big, square, and correct with excellent carcase attributes.

GUN 20-128

Sired by Willandra White 13, naturally mated to M/A sp. stud ewes, sons of 20-128 are wide through the body with plenty of heart room and spring of rib.

PB 19-612

A Poll Boonoke semen with a broad, straight top line. He has a pure muzzle, coupled with a dry poll head. Stands squarely on all four feet. Wool is white, extremely soft with character and lustre. He has bred very well at Gundarimbah and this is his second time being used in our AI program.

PB 21-231

A Poll Boonoke semen sire. These sons show a lot of promise with a number being retained for use in the stud. They are big-barrelled rams that carry a long stapled, well nourished, bold crimping wool. They show great potential to cut large volumes of wool on an uncomplicated skin.

GUN 21-351

This ram was sired by Willandra 512; He stands very correct on his feet and has width right through from his head to his back end with a good twist. He carries a very stylish, nourished medium wool with length and density with plenty of ability to fill bales. An excellent dual-purpose sheep.

GUN 21-2311

A big upstanding, correct sire with a broad soft muzzle and good top-line. He carries a stylish medium wool that is well nourished and has plenty of density.

POLL MDN

GUN 20-1 & GUN 20-1603 joined to Poll Stud Maiden Ewes. These rams were long-bodied, deep rams with a very stylish white medium wool well suited to higher rainfall areas.

GUN SYN

A syndicate of Gundarimbah Poll rams joined to general stud ewes.

MERINO SIRE SUMMARY

GUN 19-40

This ram was sired by Wanganella 1992 and was used in our AI program and then used to back up the horn AI program. His sons exhibit heavy cutting, soft, bold crimping wools on loose skins. A very prolific sire who sired many of the rams retained for our own use including 3 used in special stud matings in 2023 whose progeny are also in the 2024 auction team.

GUN 21-1796

Sired by GUN 19-40, joined to M/A special stud ewes, this ram has great purity and softness in his head which carries through to his wool. A long bodied, deep ram with a loose, productive skin that this family line keeps producing.

GUN 21-495

Sired by semen sire Wanganella 380, joined to M/A special stud ewes, this ram has a beautiful broad masculine muzzle with a good horn setting. He displays excellent bone and is well covered. He carries a very productive strong wool that is well nourished with length, density and lock that is very well suited to mix farming country. A very heavy cutting sire.

GUN40SYN

GUN 21-1748 & GUN 21-1755 both sired by GUN 19-40, joined to maiden ewes. This syndicate has bred very well with their progeny being big, upstanding sheep and exhibiting soft handling, bold wools on soft skins.

W 19-163

A Wanganella semen sire with a pure muzzle and eye. A well-shaped sheep with a deep barrel and length of body with an excellent top-line. He carries a gutsy medium wool with great alignment and handle.

GUN SYN

A syndicate of Gundarimbah horn rams joined to general stud ewes.

Purchaser

The Orr family would like to thank all those that have supported and guided us for many years building our Stud Business.

Thank you to the successful purchasers and under bidders today, it can only happen with you.

Grade Rams available from 24th September 2024 by appointment.
