AuctionsPlus glendanspark.com.au

Dear fellow cattle breeders,

Welcome to our 13th Annual Bull Sale, being held at “Glendan Park” on Friday 27th February 2026 starting at 1:00pm.

Firstly, we would like to thank our loyal clients for your continued support, and welcome potential clients. It is with great pleasure that we offer 43 industry relevant Angus bulls.

Why a Glendan Park Bull?

With proven genetics from a cow herd of 150 breeders that work hard under testing conditions, combined with continued investment in top sires for over 14 years, we provide the full package. At Glendan Park, bulls and heifers are weighed, scanned, sire/parent verified and have a genomic profile. All sale bulls are free by pedigree or tested free of known genetic conditions. We do not compromise on feet, temperament or udders.

Glendan Park bulls are affordable, represent good value and suit many different markets - from the vealer, supermarket trade through to EU. Many of our Angus bulls are suitable for joining to heifers, most are heifers first calves, by low- moderate birthweight bulls, and unassisted at birth. Most importantly, our bulls breed on. Over the past 13 years, bulls have been sold to repeat clients, both stud and commercial, to most States of Australia (all except WA and NT). We are pleased to see Adameluca and Glendan Park genetics perform in vast geographic locations, being amongst the top pens in weaner sales, and seeing their females produce quality cattle.

The bulls are also:

- **Semen Tested**
- **Guaranteed**
- **Pestivirus Free**
- **Vaccinated 7 in 1**
- **Quiet Temperament**
- **Free Delivery on route to Wodonga, Casterton and Bairnsdale: Feel free to discuss transport with us.**

We would like to thank our staff Barry Godbolt, Tom Isedale, Andrew Green and Beau Kriewaldt for their effort and support.

If you have any questions about selecting a suitable bull for your program or would like to inspect the bulls before sale day, feel free to give Alvio a call on 0419 191 193, Alicia on 0400 885 731, or Barry Godbolt on 0455 277 641.

We look forward to seeing you on sale day. If you cannot make it on the day you can bid via AuctionsPlus or your preferred agent to secure a bull.

Regards,
Alvio & Alicia Trovatello

Sale information

• CATTLE HEALTH:

- All sale bulls tested negative for pestivirus.
- All sale bulls vaccinated 7 in 1, Pestigard and Vibrio.
- All sale bulls have been semen tested (Mid December 2025) by Drew Pickford Nationwide Artificial Breeders, and passed to a minimum standard for natural service.
- Glendan Park is a J-BAS 6 herd.

• BREEDPLAN

We have shaded/highlighted all traits in the Top 20% or above of the breed (in each EBV table) to easily identify trait leaders.

• GLENDAN PARK GUARANTEE:

In the event of a bull proving to be infertile for natural service in the first 6 months from sale date, the vendor will offer to supply a suitable replacement (if available), or credit the purchase price (less any salvage value of the bull) to be used at the next sale. This is provided the problem is not caused by injury or disease since sale day. Any claim must be accompanied by a relevant Veterinary certificate.

• TRANSPORT:

No transport will take place on Sale Day unless organised prior with Alvio. Remember on arrival at your property you should have a few steers or cows in the yards to help your new bull settle in.

• INSURANCE:

We recommend you insure your new investment, at least for transit and loss of use for the first joining season. Please see Agents for any insurance requirements.

• CATERING:

Complementary morning tea and lunch will be provided.

• ACCOMMODATION:

There is accommodation at Kyneton and Heathcote, if required please contact the team for assistance.

• INSPECTION:

Beef Week Field Day, Sunday, 1st February 2026 from 9.00am-5.00pm, or from 10.00am Sale Day. Inspection can also be arranged by appointment, contact the team.

Please note, Beef Week Field Day will be held at 1669 Trentham Rd, Kyneton South, Vic 3444. Sale day inspections held at 'Glendan Park'.

• SAFETY:

All sale bulls have been screened for temperament and are quiet to handle under normal circumstances. However, sale day places added pressure on them, so use caution and be alert of fighting bulls. Visitors enter cattle pens at their own risk. Children must not enter the yards.

• AUCTIONSPLUS:

This auction will be interfaced with AuctionsPlus for those who will not be able to make the sale. For those participating in AuctionsPlus, please ensure you get your bids in early to avoid disappointment.

• TELEPHONE BIDDING:

If you would like to bid by phone, contact the agent of your choice, no later than 8pm Thursday, 26th February 2026.

• OUTSIDE AGENT REBATE:

2% Rebate paid to outside Agents, introducing buyer, and settling within 7 days.

Disclaimer: Any persons entering this property for any purpose whatsoever including the attendance at cattle auctions do so at their own risk. We are not liable to you for any personal injury or death suffered by you and for the theft, loss or damage to any property caused or contributed to by us or by negligence deliberate act or unlawful conduct. "We" or "us" or "our" refer to the owners their employees contractors or agents and each of them. Whilst all care and attention has been paid to the accuracy in the compilation of this catalogue, neither the vendor nor the agents or representatives thereof assume any responsibility whatsoever for the correctness use or interpretation of the information included in this sale catalogue.

Notes: V172 is a good all-rounder bull - Good fronted, thick over the top and hindquarter, deep, soft and square. He scanned high for IMF in October. On paper, he is low birth weight with good growth and very high Milk. Dam N396 was purchased for \$21,000 as a heifer in the Anvil dispersal and has since been a prominent donor in the Adamelua and Glendan Park herd. Full brother to Lots 50 and 54.

Purchaser: \$:

Traits Observed: 200WT, 400WT, SC, Scan(EMA, Rib, Rump, IMF), Genomics

Notes: Onto a run of ET bulls - the run of Momentous x P456 bulls tick boxes for length and weight for age. V166 offers this in spades - super long bodied, clean shoulders and neck extension, heavy, sound footed and has a kind nature. For a bull with great scan data in October, we are not sure why he is compromised on paper. Full brother to Lots 59 & 60.

10	45

Traits Observed: GL, BWT, 200WT, 400WT, 600WT, SC, Scan(EMA, Rib, Rump, IMF), Genomics

Notes: V35 is an eye catching, good bodied sire who should pass on his softness and depth of body to his progeny. The Surpass sons are fantastic for milk, feed efficiency and foot scores on paper. Dam has entered our donor pen in 2025.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Angus Australia Disclaimer and Privacy Information

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV: both parents have been verified by DNA.

SV: the sire has been verified by DNA.

DV: the dam has been verified by DNA.

#: DNA verification has not been conducted.

E: DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

Buyers option to opt out of disclosing personal information to Angus Australia

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents

from member _____ (name) do not consent to Angus Australia using my name address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Authorised Name: _____ Signature: _____

Date: _____

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350
